

1-Day Creative Science and Toy Making Workshop

Let's get creative and innovative!

The objective of this workshop is to introduce a few science topics that they have learnt in school and apply their knowledge in making something interesting and fun! Through this learning journey, students will receive a better understanding and appreciation of many innovations and creations that has brought about great changes to our lives. And since Christmas is just around the corner, why not make a Christmas themed scientific gift for that special someone!

PROGRAM OUTLINE:

1-Day Workshop 9am - 6pm:

Students will uncover these Science topics sound energy, mass, weight and density. Through application of these concepts, they will design and make products such as the Lava lamp, snow globe and panpipes. Now, because Christmas is around the corner, students will make use of common household items and scientific apparatuses to make these items and use Christmas themed decorations.

Program Highlights are:

- **Students will recap and reflect on science topics learnt in school**
- **Application of Reduce, Reuse and Recycle to make their new scientific toys**
- **Students will make your very own lava lamp without using electricity or batteries!**
- **Students will work in a real science laboratory whilst making their toys**

Please tick the type of programme and date you want your child to enroll in:

- 1- Day Creative Science and Toy Making Workshop** **Price: \$150.00 ***
- 20th Nov 2013 (Wednesday)**

* inclusive of lunch (Halal), tea, all tool-kits and materials

Name of Student: _____ **Gender:** M / F

School Attending in 2014: _____ **Primary:** 3 4 5 6 (please circle)

Emergency Contact Person and Number: _____

Email Address: _____

Address: _____

Method of payment: Please cross cheque or bank draft made payable to **“Genecet Biotechnologies Pte Ltd”** and mail your payment together with this registration to the address below.

Enclosed is our cheque/draft for S\$ _____

CONSENT

I understand that all due care for my child's safety will be exercised by the teachers at all times.
