

2 -Day ArtScience Workshop

The ArtScience revolution is here. Give your child a head start!

Increasingly, students are being challenged to be innovative, to solve problems or to adapt to the changing environment. We see our children struggling with this. This workshop aims to help your child discover his/her individual talent, to preserve the creativity that children are born with and to give natural aptitude as much importance as literacy and scientific thinking skills.

PROGRAM OUTLINE:

2-Day Workshop 9am - 6pm:

Inspired by the Harvard ArtScience Initiative and Sir Ken Rohinson, we will use The Arts and the Sciences as the platforms on which your child will explore and learn the Primary 3 Science Syllabus.

Program Highlights are:

- **Our experiments are conducted in a real science laboratory**
- **Drama techniques are implemented to enhance thinking skills**
- **Creative exercises are conducted to allow children to practice communicating ideas**
- **Students will go on educational excursions to Kent Ridge Park and the S.E.A Aquarium***

**We reserve the right to amend the venue due to any unforeseen circumstances.*

Please tick the type of programme and date you want your child to enroll in:

- 2-Day ArtScience Workshop** **Price: \$350.00 ***
